Minutes of the RMCC meeting — Q1 2025

Extract. Attendees: RMCC Chairperson (INED) and five committee members including the CEO; one director; the CRO; Legal. Most items redacted.

6.2.9 Enhancements to IT General Controls

It was NOTED that significant progress has been made in addressing issues identified in the FY23 internal audit review on IT general controls and cybersecurity. All high-risk issues related to IT general controls have been remediated in Q4 2024. The low-risk issues related to the use of vulnerable software components have also been resolved. It was NOTED that the IT team has undertaken the following enhancements: (i) a Privileged Access Management tool has been deployed; (ii) the Windows 11 replacement for all laptops has started; (iii) the corporate mobile phone enhanced security policy is being tested.

Sanitised teaching material. Re-typeset extracts of real governance documents; the institution's name, all personal names, addresses, systems, vendors and other identifying details have been changed or removed. Do not attempt to identify the organisation and do not share outside CS5292.
